Hi, Howard (and Shaun) – Attached are the revisions Howard requested of four of the fact sheets. To confirm, the fact sheets on the Bakken Formation and Billings SO2 were okay?

Also, I have attached:

- 1) A fact sheet on the Wind River TAS, which includes OGC comments as well as ORC's
- 2) a brief fact sheet on EPA's continuing role at Pavillion (I spoke with Ayn and we agreed this probably should be included, and it incorporates her comments), and
- 3) a DRAFT fact sheet on the letter from Sens. Vitter, Barrasso and Enzi to Nancy Stoner concerning alleged CWA 404 violations [**Ex. 5 - Attorney Work Product**] have not received comments yet from Eddie, Matt Cohn, Wendy Silver and/or Art Palomares, but thought you might like to review it at the same time. It was developed from information I received from Wendy and Art. As I mentioned before, when our response to the Senators is prepared and sent, I can update this fact sheet to reflect that.

Again, if I could have both of your comments by tomorrow, Friday, March 14, COB, I can make any further revisions necessary and get the fact sheets to Patrice by 3:00 p.m. on Monday for her to forward them to OCFO.

Thanks very much!

Sandy,

Thanks for sharing these. In general, I think they look good, although I do have several comments/questions, as contained in the attached files. Happy to discuss if it would be helpful.

Thanks,
Howard

Subject: FOR YOUR REVIEW/APPROVAL: Region 8 Congressional Members issues fact sheets for the 2015 budget hearings
Importance: High

Shaun and Howard -- Please let me and Whitney know your changes or concurrence with the attached fact sheets by COB on Friday, March 14, so that we can make your changes, if needed, and get these to Patrice who will forward them to the HQ SBOs by the due date -- COB Monday, March 17.

The attached fact sheet topics are:

Bakken Formation (Sen. Hoeven, Rep. Cramer)
Dewey – Burdock (Sen. Johnson)
ND Regional Haze (Sen. Hoeven, Rep. Cramer)
WY Regional Haze (Sen. Barrasso, and Sen. Hoeven and Rep. Cramer of ND)
Billings SO2 (Sen. Tester and Rep. Daines)
Libby Update (Sen. Tester and Rep. Daines)

There are two more coming to you today, but I didn't want to hold up the others until these are ready:

1) ORC (Bob and Paul) are reviewing a fact sheet on the status of the Wind River TAS stay. As soon as I have their comments, I will forward that to you for review.

2) I am also preparing a fact sheet on the letter Nancy Stoner/Region 8 just received from Sens. Vitter, Barrasso and Enzi regarding a CWA 404 enforcement action in Jackson, WY. Region 8 is tasked with preparing the response, and we may have it completed and sent before the hearing, in which case I will update the fact sheet and see that the revision gets to HQ. Again, as soon as I get Program review on that fact sheet, I'll forward it to you also.

Lastly, I am double checking with Ayn regarding the need for a fact sheet on "Pavillion" (Barrasso), but I believe that,

Ex. 5 - Deliberative Process
